

**Washington Cap-and-Invest Program
Farm Fuel Exemption Form**

Emissions from the following fuels are exempt from coverage under the Cap-and-Invest Program (Chapter 70A.65.RCW):

1. Emissions from “motor vehicle fuel or special fuel that is used exclusively for agricultural purposes by a farm fuel user”. RCW 70A.65.080(7)(e)(i). A “farm fuel user” is defined as a farmer or “a person who provides horticultural services for farmers, such as soil preparation services, crop cultivation services, and crop harvesting services.” RCW 82.08.865(e).

2. Emissions from fuels used to transport “agricultural products on public highways” for five years. RCW 70A.65.080(7)(e)(ii). Emissions from all types of trucks or vehicles used to transport agricultural products are exempt, including a truck or vehicle owned or operated by a “farm fuel user” and a truck or vehicle operated by a third party. Ecology is interpreting “public highways” to include public waterways. As a result, emissions from fuel used to transport agricultural products on a public waterway fall within this exemption.

_____ (Company Name) is a “farm fuel user “ and meets the required qualifications to purchase the following products exempt from Cap-and-Invest fees.

Fuel Type(s)

- Off Road Diesel
- On Road Diesel
- Gasoline
